

## Cold Clear Prescribing Information

**Brand Name:** Cold Clear

**Generic Name:** ColdClearin

### **Indication:**

Cold Clear is indicated for the temporary relief of common cold symptoms, including nasal congestion, runny nose, sneezing, cough, and sore throat, in adults and children aged 6 years and older.

### **Dosage and Administration:**

- Adults and children aged 12 and older: Take 10 mL (2 teaspoons) every 4 to 6 hours as needed. Do not exceed 40 mL (8 teaspoons) in a 24-hour period.
- Children aged 6 to 11: Take 5 mL (1 teaspoon) every 4 to 6 hours as needed. Do not exceed 20 mL (4 teaspoons) in a 24-hour period.

### **Warnings and Precautions:**

- Do not use if you are allergic to any of the ingredients in Cold Clear.
- If you have any underlying medical conditions, are pregnant, or nursing, consult a healthcare professional before use.
- Do not use for more than 7 days continuously unless directed by a doctor.
- Discontinue use and consult a doctor if symptoms persist or worsen.
- Keep out of reach of children.

### **Adverse Reactions:**

Common adverse reactions may include mild drowsiness, dry mouth, or nausea. If any adverse reactions persist or worsen, consult a healthcare professional.

### **Storage:**

- Store at room temperature (20°C to 25°C / 68°F to 77°F).
- Protect from light and moisture.

### **Drug Interactions:**

- No significant drug interactions have been reported with Cold Clear. However, consult your healthcare provider if you are taking other medications.

### **Overdosage:**

- In case of accidental overdose, seek medical attention or contact a Poison Control Center immediately.

### **Clinical Studies:**

Clinical trials have shown that Cold Clear significantly reduces the duration and severity of common cold symptoms in adult and pediatric populations. It has been well-tolerated, with a low incidence of adverse reactions.
